Preface

The CWDS Library brings out the bibliography on "Women's Movement" under the series of Women's Studies Resources. The bibliography covers documents on women's movement belongs the pre-independence and independence period of late eighteenth and early nineteenth century lead by reformers such as Raja Ram Mohan Roy, Jyotiba Phule and Savitri Bai Phule along with the post independence women's movement and mid-seventies led by the various women and women's organisations.

The bibliography covers the documents upto 2013 available in CWDS Library. It contains a total of 972 entries. It is divided into two parts. The first part contains 654 entries from books, analytics (chapters from the edited books), reports and institutional papers, conference papers etc. The second part contains over 300 articles from periodicals and newsletters. The list of periodicals both Indian and foreign is also provided.

The entries are arranged alphabetically under author, corporate body and title as the case may be. For easy and quick retrieval three indexes viz. Author Index containing personal and institutional names, Keywords Index and Area Index have been provided at the end. We would like to acknowledge the support of our colleagues at library. We hope this effort will be helpful to those working and interested in the area of women's movement and women's studies also.
